How to play:

Positive Behavioral Goes Viral is designed to be played with one or more kids plus one adult, preferably the parent or adult guardian.

1 You need a coin to flip  in order to play. Flipping the coin determines which side of the game board you have to answer a question from.

2 You can pick the questions in ABC order or the adult can pick ones for you.

3 When it is the adult's turn to answer a question, the adult can change the question to make it work better.

*We want to
give your
family a
HARD TIME!*

POSITIVE BEHAVIOR GOES VIRAL!

A

Ask a parent: "What is a careless thing I do that bothers you sometimes?"

B
