

Paper Fortune Tellers for Giving Compliments

To make them:

1. Cut out all four sides of the perimeter of the Fortune Teller.
2. Fold them. This video shows you how: <https://bit.ly/34QK6jX> Start folding with the printed side facing *down*.

Ways to use them:

Unlike traditional paper fortune tellers, these are not used for pretend fortune telling. These are for helping children, working in pairs, to work on the skills of asking questions, giving compliments and talking about emotions. One of them is to review self-help strategies for teasing and bullying.

Suggested game format:

1. Child number one says, "Spell your name." For each letter, the child holding the Fortune Teller manipulates the device back and forth.
2. Child number two is then shown the two options appearing on the inner triangles on two kinds of compliments. Child one says, "Pick which one you want." In the example to the right, child number two picks "What you see."
3. Child one opens up the innermost flaps, where four options appear. He selects A, and then asks child two, "Give someone a compliment about what they are wearing."

There are many other resources on the website for giving compliments. There are lots more paper fortune tellers on a variety of subjects.

I hope you find these things useful.

Joel Shaul, LCSW

Cut out all four sides around the outside before you start folding.

Begin folding with the printed portion facing downward.
